SUMMER 70

ACTIVE DRIVE NOW ON FOR B-P HIGHWAY

Beale-Pittsburgh Highway
Association Confident That
Its Claims Will Be Recognized
By State Highway
Commissioner

THROUGH RICH TERRITORY

Riches Traversed By B-P Highway
Contains Vast Oil, Gas, Coal, Manu-
facturing and Agricultural Inter-
ests—A Wonderful Scenic Route
to the Mountains.

The Beale-Pittsburgh Highway Association which is conducting an active campaign to secure the construction of 30 miles of primary road, has secured the support of the B-P Highway Association, which has strong grounds on which to base its arguments to State Highway Commissioner Paul J. Wright, and the association, of which R. E. Taylor of Brookwayville, Pa., is president, is confident that its claims will be recognized by the commissioner. It is the result of the \$14,000,000 of the state is expected to expend on road construction during the next two years. \$2,000,000 will be appropriated for the completion of this highway at north and south highway through the most picturesque section of Pennsylvania and through a vast rich oil, gas, coal, manufacturing and agricultural territory.

Links With Pittsburgh. The B-P Highway, which is linked with Pittsburgh by the William Penn Highway at Shavertown, and the Lincoln Highway at Greensburg, traverses important routes to Pennsylvania. It is the longest of the four great highways of the state, the William Penn Highway, Lincoln Highway, and the National Pike. It also crosses the proposed Northern Tier route from Erie to Fort Jervis. The total distance from Buffalo, N. Y., to Chambersburg, W. Va., is 323 miles. With the completion of the 30 miles between Shavertown and Indiana, the highway is better improved or now under construction for improvement. From Brookway to Greensburg, north and south through the state, the highway passes through St. Joseph, Kane, Wilkes, Schuylkill, Berks, Lehigh, Luzerne, Sullivan, Wayne, Broome, Warren, Yates, Putnam, Hamilton, Schoharie, Otsego, Madison, Delaware, Dutchess, Sullivan, Ulster, and Westchester counties. The Beale-Pittsburgh Highway Association is probably the most active road organization in the state of Pennsylvania today. The active work-

R. E. TAYLOR
Of Brookwayville, Pa., President of
the Beale-Pittsburgh Highway
Association.

ers of the association—and they are numerous and men of high standing in the various communities—are determined to have no stone unturned in their efforts to gain their end. Delegations from all along the route are visiting Harrisburg week after week and making their claims to the highway commissioner, and in many other ways the powers that be at the state capital are being made to realize that the Beale-Pittsburgh Highway Association is an organization of importance and that the road construction it is after is a real necessity and will complete one of the finest highways in the state.

The Officers. The officers of the association are: R. E. Taylor, Brookwayville, president; M. J. McCright, Du Bois, secretary; W. G. Brown, Du Bois, treasurer; vice presidents: Colonel J. R. Barnes, Brookway; W. H. Watkins, Kane; H. S. Shaver, Ridgway; W. A. Keys, Brookwayville; J. R. Osborn, Du Bois; C. G. Gadd, Sykesville; E. R. Shelden, Pottsville; H. J. Thompson, Martinsburg; Hon. John S. Fisher, Indiana; T. C. North, Shavertown; Hon. G. A. Smith, Derry; Hon. Thomas R. Whitman, Latrobe; Harry Bovard, Greensburg; Berkey H. Boyd, Scottsdale, and John B. Goldsmith, Mt. Pleasant.

The Sportsman's Paradise. The B-P Highway passes through the famous "Backtail Crossing" in the heart of Pennsylvania's greatest hunting and fishing region. Here elk, deer, bear and also almost every kind of smaller game are always plentiful, while the trout streams are unrivaled in the state. This region is the mecca of thousands of hunters and fishermen every year. Hundreds of hunters' lodges are scattered throughout this territory, many of them being elaborately constructed and equipped.

POLITICAL KILLING PRECEDES CHICAGO MAYOR'S ELECTION

Chicago, April 2.—A political feud was believed by police today to have led to the murder of Theodore Kirch, personal investigator for Robert E. Crow, state attorney.

Kirch's body was found in a card room in the rear of a cigar store last night. He was seen alive five minutes previously by his wife, who begged him to close up the store.

A bitter neighborhood fight in the campaign for municipal election tomorrow, intermingled with gossip of a gambler's war furnished the police with a clue.

Kirch wore diamonds worth \$2,500 and cash to the amount of \$500 in his story was undisturbed, eliminating the robbery theory.

CHECK FORGER IS NABBED AT DUBOIS ON SATURDAY LAST

DuBois, April 2.—An important arrest was made in DuBois Saturday afternoon when a man giving his name as Frank Miller, aged 73 years, was taken into custody by Chief of Police A. T. Peace, on a charge of issuing fraudulent checks. The man is wanted in several places, the nearest to DuBois being Braddock, and Fred Seime, chief of police at that city, came to this place yesterday, identified Miller as the man wanted and took him to that place in the afternoon.

Miller's manner of working was rather unique. It seems that he has a growth in his mouth, and he makes a practice of going to a town, hunting for a physician, makes arrangements for an operation, specifying that he must go to a hospital. Of course it takes money and Miller, it is alleged, asks the physician to endorse checks for him, so that he can secure money, at the bank. This is the method he followed in DuBois and he presented two checks, one for \$318 and one for \$150. The man might have got away with his little scheme had not John G. Groves, cashier at the Deposit Bank, recalled having read a description of the game, together with a good description of the man himself. Mr. Groves recognized Miller as the man wanted and communication was established with the banks upon which the checks were drawn. It was revealed that the checks were no good, and the case was turned over to Chief of Police Peace. Within a half hour afterwards Miller was located at a local hotel and taken into custody. He was lodged in the lock-up for the night and Braddock notified. As stated the chief came from that place and took Miller away.

In view of the fact that Miller has been successful in his scheme in several other places, it is not likely that he will be prosecuted in DuBois, as he was unsuccessful in his quest for money.

FIRST DEATH UNDER NEW PINCHOT LAW; MOONSHINER SLAIN

Dillsburg, Pa., April 2.—A coroner's inquest was held here today to inquire into the circumstances surrounding the first death incidental to Governor Pinchot's law enforcement campaign. George Alekic, aged 50, a Silesian moonshiner, was shot through the head and killed when police raided the place. According to the report, Alekic resisted with knives and an axe when five state troopers attempted to arrest him. The moonshiner was shot through the head and died instantly. A still and a large quantity of moonshine were found.

Harry Rauch of Oshanter is visiting his sister, Mrs. James Spence, over Easter.

TO MAKE ANOTHER INVESTIGATION IN PETERS SHOOTING

Albany, N. Y., April 2.—An official state investigation into the death of Clarence Peters, ex-marine, and for whose death Walter Ward, son of a New York millionaire, was indicted on a charge of first degree murder, got under way here today with Attorney General Sherman in charge of proceedings.

It was believed here the same story told to the grand jury will be given out this time to the public through newspapers as newspaper men are to be allowed at the hearing. The investigation is really the outcome of an appeal made by Mrs. Peters, mother of the murdered boy, who asked Governor Smith to exert his influence to have the matter investigated. She made the appeal early in January. The Governor has had the matter under consideration since that time.

HARDING'S STAGE EASTER EGG ROLLING

Washington, April 2.—President Harding, after a two months vacation, during which time official business was shelved completely, will find a large number of matters demanding his attention when he returns to Washington next week.

Foremost among these is the rise in sugar prices and whether the alleged sugar market manipulation is responsible for this rise and whether any reduction in tariff rates should be made to force down prices.

JAPS WOULD JUNK LANSING-ISHII PACT

Tokyo, April 2.—The Japanese government is entirely willing to abrogate the Lansing-Ishii agreement, under which the United States recognized "special interests of Japan and China," the exact definition of which has never been stated.

AUTO BANDITS MAKE HAUL AT ST. LOUIS

St. Louis, Mo., April 2.—Six heavily armed bandits held up a government mail truck here today and escaped with nine sacks of registered mail.

The robbers intercepted the truck early this morning, bound and gagged the driver and armed guards, seized the mail sacks and dashed away in an automobile. No estimation of the amount of money contained in the sacks has been made.

Federal official investigators are working on the theory it was carried out by the same gang which held up a mail truck at Springfield Sunday morning. One of the suspects captured in the Springfield hold-up was a well known St. Louis police character.

LITTLE CHILD DIES

Rebecca Alice 10-months-old daughter of Mr. and Mrs. Maynard L. Goss, died at the home of her grandparents, Mr. and Mrs. Albert D. Goss Wednesday evening, March 28, at 7:30, of pneumonia. Interment at Hillcrest cemetery, Rev. H. L. Jacobs officiating.

STATE POLICE MAKE RECORD HAUL NEAR DUBOIS ON SUNDAY

Capture Several Hundred Quarts of Whisky at Farm House at C. & M. Junction.

BIGGEST HAUL YET

DuBois, April 2.—As the result of the activity of the state police, who have been stationed in this city for some time, one of the biggest hauls yet recorded took place late Saturday night, the cache of liquor being discovered on the farm of William Utzinger, near the C. & M. Junction. The haul inventoried as follows:

125 quarts of King George.
55 quarts of White Horse.
42 quarts of Haig & Haig.
49 quarts of Gottschalk and Worts.
11 quarts of special Scotch.
3 five-gallon kegs.

In addition to Mr. Utzinger, Herbert Burns, of this city, was discovered on the premises and was also taken into custody. Both gentlemen were given a hearing before Alderman Bogden and held for court in the sum of \$1,500 each.

The state police have had this place under surveillance for some time, and had secured a search warrant for the farm. They paid a visit to the farm Saturday afternoon about 2 o'clock, but found no one at home. On this visit they were accompanied by Constable Neesley.

Saturday night the police determined to pay another visit. When they arrived and were entering the premises someone slammed shut the door where the liquor was suspected of being housed. They found the proprietor of the premises and he said he would get a key and open it. When the door was opened Mr. Burns was found standing inside. A search of the place revealed a partitioned off place, which on being opened was found to contain the liquor above listed. An automobile that was standing outside was confiscated, it containing a considerable amount of liquor.

Mr. Burns claims that the only charge against him is that of being present on the premises where the liquor was found.

The liquor was confiscated and was taken to Clearfield yesterday afternoon, the state police at the same time placing the entire facts in the raid before the district attorney.

The raid was made by State Troopers Barker and Pearce, who have been making many hauls in the DuBois region. The Utzinger farm had long been under surveillance and is said to have been headquarters from whence much of the alleged Canadian and other tampered with Scotch got loose throughout this section ever since the dry law went into effect. In addition to the large quantity of whiskey found in the wagon shed, a Studebaker roadster, said to be the property of Burns, standing in front of the building was found to contain 14 bottles of "King George" and a gallon jug of liquor. The car was confiscated.

Mrs. Mary Cortez, of Simpson avenue was also arrested on Saturday afternoon, when after a thorough search of the house, six hundred gallons of wine was found in the cellar. Mr. Cortez was not at home at the time of the raid so Mrs. Cortez was taken. She was held under \$1,000 bail, when arraigned before Alderman Bogden.

LANCASTER FIRE CAUSES \$250,000 LOSS; 1 FATALITY

Lancaster, April 2.—One man lost his life in an early morning fire which destroyed the truck department of the Row Motor Company and caused damage estimated at \$250,000. Monroe Geist, truck driver, attempting to save some of the machines in the shop, became confused in the smoke and flames and was burned to death.

DEATH OF CHILDREN MAY HAVE BEEN DUE TO PURE ACCIDENT

San Bernardino, Cal., April 2.—An inquest today was expected to discover whether Dean Meecham, aged 4 and his pal Dicky Jensen, aged 5 were murdered or had accidentally shot themselves in a wooden show case where their bodies were found Friday.

Physicians who examined the bodies of the two boys were of the opinion today that death in both cases was the result of suffocation and starvation. Water which was discovered in Dean's lungs Saturday was the result of exhaustion, Dr. Lonker and Dr. Price and Tysinger believed.

The bodies of the two boys were found in the strange death vault after they had been missing a week and a thousand armed men had been detailed to search for them.

THREE FIRES WITHIN TWO HOURS SUNDAY MORNING'S RECORD

Three fire alarms inside of two hours was Clearfield's portion Sunday morning, but fortunately very little damage was done by either blaze or alleged blaze. About 9:20 the alarm was given for a fire on the roof of the residence of Fred Schenck, at the corner of Fifth and Cherry streets. But by the time the firemen arrived Mr. Schenck's son-in-law, Raymond Roseberry, had got up onto the roof and put the fire out. A spark from the flue caused the trouble. The damage was slight.

Two alarms were sounded almost together about 11:20 for a burning flue at the residence of J. D. Ross on West Fifth avenue, and a roof fire at the residence of Herman Robb on William street. The firemen were promptly on hand and soon doused the fire, with but very little loss.

POPULAR LOCAL COUPLE ARE WED

The Presbyterian manse was the scene of a quiet but very pretty wedding this morning at 10 o'clock, when the Rev. Dr. E. C. Reeve, using the beautiful Van Dyke service of that church, united in the holy bonds of matrimony, Mr. George Gray, of Old Town road, and Miss Gladys Neving, only daughter of Dr. and Mrs. F. S. Neving, of Third street. The couple were attended by Mr. J. S. Dotz, of Clearfield and Miss Isabel Neving of Berwingsdale, cousin of the bride.

Following the ceremony and congratulations the party repaired to the bride's home, where a wedding breakfast was enjoyed and at 1:10 the newlyweds departed on the Pennsylvania train for an extended wedding tour.

The young people are well and most favorably known in Clearfield. The groom, who is the son of Mr. and Mrs. James Gray, is an employee of the Clearfield Hardware company and a promising young man. His bride is a fine young woman, enjoying the respect and esteem of a legion of friends here, who unite in wishing Mr. and Mrs. Gray every success in life.

Mrs. Beatrice Richards spent Sunday with her aunt, Mrs. C. O. Greer of Woodland.

AUTO ACCIDENTS TAKE HEAVY TOLL FROM EASTER SUNDAY TRAVELERS

Twenty-two persons were killed and nearly two hundred injured in Easter automobile accidents, according to reports today.

Ashland, Kentucky, led the casualty list with six dead and four injured. Five of the victims met their death when their machine was crushed by a train. The sixth was killed when his car collided with another machine.

Detroit ranks next with four dead. Two were killed in Athens, Georgia.

Naticoke, Pa., April 2.—Max Washman, aged 34, was killed when his car collided with a large truck near Avondale and rolled down a steep embankment. Miss Janet Lerner, aged 26, and Max Selborn of New York, the other occupants of the car were slightly injured.

NEW POSTMASTER IS NOW IN CHARGE AT LOCAL POSTOFFICE

C. E. Roseberry Succeeds Wm. E. Tobias, Who Resigns After 8 Years of Service.

MORE HELP IS NEEDED

Postmaster C. E. Roseberry is now in charge of administering the office of the Clearfield postoffice, he having taken over the job this morning.

Postmaster Tobias, who relinquished the burdensome duties of the postoffice on Saturday last, was the third postmaster Clearfield has had in the past nine years. He found the work too exacting, due largely to lack of sufficient help and proper facilities for dispatching the rapidly growing business of the office and tendered his resignation last fall. He leaves the place with the best wishes of all the patrons of the office. He made the very best of a difficult task and gave the best service it was possible to give under the circumstances.

The new postmaster will make an earnest effort to improve the service and should have the support of the business interests of the community in demanding sufficient competent help and the badly needed additional facilities about the office.

This is the only office of its size and importance in the county where the parcel post and general delivery window are in combination and where one clerk is required to distribute mail, wait on the general delivery window and also take care of the letter carrying parcel post. The clerks in charge of this work are energetic, alert and accommodating but it is too much of a task for one person and we should have more help in our postoffice.

The postal business is the people's business and we should have improved postal service in Clearfield.

GERMANY WOULD TRY TO SETTLE RUHR TROUBLES BY TALK

Berlin, April 2.—Germany renewed the talk of negotiations to end the deadlock following the outbreak in the Ruhr that caused the loss of twenty-two lives. The Berlin press says it is not now time to put out more feelers to Paris and Brussels, suggesting the advantage lies with Germany.

What was going on in the troubled area around Essen could not be definitely determined as communication is more or less disturbed. One of the last known things to occur was the arrest of four German managers of the Krupp works where French troops Saturday killed nine German workers and wounded thirty others with machinegun fire.

WAGE INCREASE FOR BUILDING TRADES

Pittsburg, Pa., April 2.—Wage increases from 10 cents to 25 cents per day for all workers in the building trade was announced today by H. E. Tate, secretary of the Building Trades Employers Association.

LANCASTER FIRE CAUSES \$250,000 LOSS; 1 FATALITY

Lancaster, April 2.—One man lost his life in an early morning fire which destroyed the truck department of the Row Motor Company and caused damage estimated at \$250,000. Monroe Geist, truck driver, attempting to save some of the machines in the shop, became confused in the smoke and flames and was burned to death.

Mrs. E. J. Turner who has been confined to her home on Market street is able to be around again.

PRESIDENT HARDING BACK OFF VACATION, TACKLES SUGAR RISE

Washington, April 2.—Thousands of children jammed the White House grounds today in the annual Easter egg-rolling given by President and Mrs. Harding. Although President and Mrs. Harding were not present, due to their vacation trip in the South, others were received last week from Mrs. Harding providing for every detail of the children's frolic.

FRENCH AIRMAN HAS TEN H. P. AIR FLAYER

Toulouse, France, April 2.—Barbet, famous French aviator, made four flights in an airplane driven by a motor of only ten horse power. On one flight he remained aloft at a height of 150 feet for fifteen minutes.

VET HAN EDITOR RETIRES

Wesley Howo Schwartz, the dean of the journalistic profession in Altoona, for forty-two years the able and brilliant editor of the Altoona Tribune and actively identified with newspaper work for a period of fifty-four years, on Saturday last turned his back on the paper he has connected with so long and faithfully and retired to private life. His successor as editor of the Tribune editorial department is Albert O. Vance.

Mr. Schwartz is now in his 70th on Merrill street.

POISON BOOZE GETS IN ITS DEADLY WORK AT PHILADELPHIA

Philadelphia, April 2.—Three are dead and scores are in hospitals suffering from alcoholism as a result of Easter celebration with moonshine. Police arrested 307 persons in various parts of the city for drunkenness.

KING TUT'S FINDER IS NEARING DEATH

Cairo, April 2.—The condition of Lord Carnarvon, discoverer of the tomb of King Tut-ankh-amen, was so grave that his physicians were extremely anxious. Carnarvon's condition took a turn for the worse during the night. He incurred blood poisoning in his work of removing ancient trappings from the tomb and now he is suffering from pneumonia.

year and while he is as vigorous mentally as at any time in his life, he has reached the time in life when the demands upon the physical energies in a newspaper office are greater than can be met, so that the burden will be relinquished and the veteran editor will seek the rest and recreation he so well merited.

He is one of the best known newspaper men in Central Pennsylvania.

Miss Dora Evans is ill at her home.

ODDS AND ENDS AND THINGS

By J. D. C.

It is said that the imagination of America's youth. Since the war, during the reign of King Jazz, the number of suicides each year among children in this country has nearly doubled, according to the annual report of the Boy-Life League of New York, of which Dr. Harry M. Warren, its president, is author.

Now 1918 2,000 children have committed suicide in the United States. The figure for 1922 stands at 900; for 1918 at 477. All these figures are based on official reports and it is conceivable that the real figures would be much higher.

Dr. Warren gives the growing prevalence of child marriages as one of the principal causes, together with "intolerable home conditions, temperamental disorders and faulty school systems." The average age of the boy or girl is sixteen years; that of the girl, fifteen years. A large proportion of the boys shot themselves with revolvers. The girls took poison.

A great many child marriages are unhappy and lead to suicide, the report shows. In 1920 the number of boys who at the age of fifteen had been married was 1,600; that of the girls of the same age was 12,000. Of these 600 were recorded as divorced or widowed.

A child of five years was the youngest suicide.

The total figure for suicides last year is 18,000. This is about the same as the number of suicides the previous year. For some unexplained reason only one-third of the suicides are women or girls. The suicides also are as prevalent among the well-to-do as among the poor, seventy-nine millionaires being included, as well as a large number of professional and business men of good standing. One man killed himself after ten futile attempts. The oldest suicide was a centenarian, a great-great-grandmother.

A law is shortly to be passed in New York prohibiting a man from having more than one wife. They arranged an old fellow 73 years old down a Withnashere, Pa., the other day for having too less than fourteen wives.

American churches made the greatest gains in history during last year, the total membership having increased to 47,661,556 persons.

The year's gain in membership was

FRESH BUTTERMILK EVERY DAY

A lot of folks who have tried our fresh tangy buttermilk tell us that it is about as fine as they ever tasted and they come right back for more—the surest thing that they believe what they said.

The chief reason why our buttermilk is so good is the fact that we do not allow the cream to sour to the point of impurity before we churn—we use cultures to ripen it to the proper consistency.

If you are a lover of buttermilk and want some, have it delivered fresh with your morning's supply of milk.

Clearfield Dairy Co.

1,220,428, which is fifty per cent greater than the annual average growth for the preceding five years. The Federal Council of Churches, in a statement, says:

"The great increase in membership is due largely to the gains of the Roman Catholic church, which shows an increase of 219,158; the Methodist Episcopal church, an increase of 172,975; and the Baptists, an increase of 171,636."

Two New York firemen were fatally injured in a fire last Thursday. In speaking of the death in a hospital on Friday of one of the men the New York American printed on Saturday morning the following touching little story in connection with the death of one of the men:

A Catholic priest uttering a prayer for a dying Jewish fireman made a dramatic spectacle yesterday in Broad street hospital.

Julius Spanier, who had been fatally injured in the East Side fire, had already received the last rites of the church from Father Metcalfe. As he regained consciousness, Father O'Connor, fire chaplain, asked Spanier to "say an act of contrition."

The fireman answered: "I don't know it, father, I'm a Jew."

A moment of silence. Then the priest knelt by the bedside and together the two men prayed—each in his own way—to the same God.

The Ku Klux Klan and their sympathizers, who predict and are laboring for a "denominational" heaven, would not permit either party to do any praying in this land of the free if they had their way.

Clearfield, Pa., March 1.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even bery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrasing improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rude's Mentho-Sulphur from any good drugstore and use it like cold cream.

Store Your Own Eggs While Cheaper
The time of the cheaper egg is about here and you might just as well lay in a year's supply thru the medium of our WATER-GLASS.

You put the eggs down in this WATERGLASS according to the directions and have cheaper eggs when they are a dollar a dozen.

CLEARFIELD, PA.

be considered "lese majeste" to do so. A question that has long been agitating the minds of many rational, responsible and reasonable thinkers is this: Had the Fourteenth and Fifteenth Amendments been operative in the eleven known as the Confederate States, would the Eighteenth Amendment have been incorporated in the Constitution? There are those who think it was put there to "protect" the "poor negro" of the South and the "poor white" of the North, somewhat as Chesterton put it, "The rich can have, but the poor can't have."

When in 1896 the Democratic South under the leadership of Bryan, the enchanter, voted approximately as a GAL TWO—ODDS AND ENDS—whole for "free silver," did they believe in it? If with their vote the heresy had carried, where would the nation be today? Some think, where it is today under prohibition—viz., a nation that doesn't know "where it is at."

What this country needs today more than ever is an astute, moral, religious and political leader of the Jefferson-Lincoln-Wilson type. In other words, a Moses, or one who isn't thinking of himself alone. Either one or the other of the political parties will have to furnish him.

Nicholas Murray Butler recently gave the people something to think about. That brought upon his head the wrath (as it always does) of the religious zealot, highbinder and fanatic. Was it not the founder of the Christian religion who gave to the world this truism: "Not that which goeth into the mouth defileth a man; but that which cometh out of the mouth, this defileth a man." (Mat

AS LONG AS THE WEATHER CONTINUES LIKE THIS WE WILL HAVE FRESH FISH

This sort of weather is conducive to the successful shipping of fresh fish and as long as it continues we will have fresh fish from ocean, lake and river.

The shad are coming through in fine shape and you'll like to have one of the bucks or roes for dinner any of these days.

threw XV, 11.) And we might go further and write what He said about false Christs and false prophets, and how He turned water into wine (which the neocromancers now tell us was simple grape juice).

Pretenders of this faith who use it for their own whims and for their own personal gain and advantage, if they in the aggregate ultimately prevail they will find that the world is minus a faith, to which condition (in the United States at least) it seems fast drifting. We must take the teachings as a whole, for the whole, in the spirit of the Founder, otherwise the whole goes to pot.

NOT A BOOTLEGGER.

Pictures and Frames.
Those old picture frames that go begging around the attic or cellar may be made into some of the delightful new models with little trouble and less expense. Old white enamel or oak frames may be treated as follows: With a bit of glass carefully scrape off all the enamel or polish. Sandpaper it to a smooth finish with a coarse sandpaper and later with a finer grade. For a soft brown print the frame will be just right at this stage. Some of the newest picture frames that are finding place in the best shops show no stain or color of any kind. Artists claim that the decorative frame detracts from the beauty of the picture within.

Cornish Tin Miners.
The men who work in the Cornish tin mines are a class by themselves, and all their differences are adjusted by the stannary courts, as they are called from the Latin word stannum. These curious courts have existed in their present form since the middle of the Thirteenth century, and, in a simpler form, much earlier; and the miners claim to be free from all other jurisdiction, "except in matters affecting the land, life or limb."

The Girl Proposes.
The inhabitants of Hima, in the Greek archipelago are engaged almost entirely in sponge fishing. When a girl desires to marry she waits until she has obtained the number of sponges from the sea that corresponds with the number of years she has lived. These she places in a silver net, which she presents to the man of her choice. Should he refuse, his chances of obtaining another bride are remote, as usually the Hima maidens shun him as a punishment.

Sleeping on Water.
An English doctor recommends his patients to make use of water-beds, as they have many redeeming features for invalids as well as persons in health.

A SAFE, SURE AND EASY PURCHASE PLAN

50 MEMBERSHIPS

There are some very unusual features about this club sale. Briefly they are as follows: Small weekly payments graduated so that you can pay them without missing the money. A dividend feature rather than the usual interest-bearing, deferred payment plan, and immediate delivery of machine. Pay for it as you use it.

50 MACHINES

We cannot determine in advance the length of time we will conduct this sale. Because of the limited number of machines available. Consequently we urge you to come in and investigate. We will be glad to explain the whole plan and demonstrate the machine, without obligation on your part.

THE GREAT "WHITE"

Over 3,000,000 Have Been Sold

You will never regret the purchase of a "White" machine, and right now is the opportune time to buy it. Thrifty buyers will act quickly. You're assured of absolute satisfactory service—a double guarantee, the manufacturer's and our own. They are regularly sold at a much higher price than we are selling them during this sale.

McCarty's
"The Manner of Quality"

Save from \$52 to \$78 a year

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

ANSWER: The government tax alone on 50 machine-made cigarettes is 15 cents—5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

UNIVERSITY OF PENNSYLVANIA EXTENSION SERVICE IN MEDICINE

Cooperates With State Medical Society to Help Local Physicians and Surgeons.

Philadelphia, Pa., April 3.—At the request of the Medical Society of the State of Pennsylvania, through its Graduate School of Medicine, the University of Pennsylvania has put into operation an extension service, a plan by which physicians and surgeons of the entire State are receiving instruction in the latest developments of medicine and surgery. When the State Medical Society made this request, it was pointed out that Pennsylvania, being the pioneer in the establishment of the University of Medicine, was best qualified to initiate this new movement in medicine.

Dr. George H. Moore, Dean of the Graduate School of Medicine, is in charge of it. Officials of the State Medical Society, as well as leading physicians and surgeons throughout the State, are contributing to the fullest extent.

The plan now being carried out with much success is to arrange a schedule of lectures in the leading hospitals. These are held in the morning, the medical faculty of the University, consisting of the most interesting and up-to-date and most practical, and then with all the latest physicians and surgeons, as students give clinical demonstrations in which they show the latest and most advanced methods of treatment. This plan, which the University of Pennsylvania has already demonstrated to many of the State's leading hospitals, is being carried out with more than one hundred physicians in attendance, is being very successful.

Commenting upon the reason for this course, Provost Josiah H. Penniman said that since the University of Pennsylvania had been the first Undergraduate Medical School in this country (founded in 1765) and the first Graduate School of Medicine in America, it ought to be the pioneer. So once established, the work before the physicians and surgeons has been carried on in the University of Pennsylvania.

Lately Flew in China.
The new look and listen along the Chinese railroad recently consisted of pictures showing the progress of the Chinese in the past. The pictures, however, were not the best, but the Chinese are now the pictures can be seen by all.

Provost Josiah H. Penniman.

graduate courses. It was recently visited by delegations from England and France to obtain new ideas for Post Graduate Medical study in Europe. In addition to this service, which the University is rendering gratuitously and as a public duty, Pennsylvania is maintaining much other extension work. This includes various stations of the Wharton School in the leading cities of the State. The University has also just held an international conference on Orthodontia, the regulation of the teeth, in which delegates came from all the leading dental schools of the United States, and from Canada, Ireland and England to acquaint themselves with the latest methods in the teaching of this subject. There has also just been concluded a Veterinary Conference for the Eastern States, a two week course in Highway Engineering in cooperation with the State Highway Department of Pennsylvania and neighboring States. Provost Penniman has also announced that the annual Schoolmen's Week Convention, in the interest of public school education, will be held at the University April 12, 13, 14. It is expected that fully 2500 delegates will be in attendance. The Summer School, which opens on July 2, announces a new course and demonstration schools in Rural Education, to be under the direction of Thomas B. Park, who is director of Rural Education for the State of Pennsylvania.

Christmas Celebration.
The custom of burning the Yule log on Christmas eve is not generally observed in England. The custom is still followed in some of the rural sections. It is more prevalent in the Scandinavian countries.

EASTER AT TRINITY CHURCH

Starting with a fine attendance in the Bible school, and corresponding offering, exercises in charge of S. L. Warner and F. G. Harris, the Easter program for Trinity began impressively. Magnificent flowers adorned the platform, material to be used by officers and teachers. The study group had the school in strong interest. Then followed hymns in the auditorium.

The altar was banked with great designs of flowers, Easter lilies everywhere, the effect was helpful to the memorial feature of the morning worship. Friends had not forgotten their loved ones. And it was notable that the family of all but two listed among the deceased members was largely represented. The two families had removed. This Easteride will not be forgotten for the spirit of the worship, the uniqueness of the memorial service, the tribute of the membership to members whose work do follow them, and the exceptional fitness of the instrumental and vocal music. With only two numbers omitted, because of the illness of soloists, the entire schedule of music was carried forward in the strongest interpretation by the choir, and heartiest participation of the great congregations, which gathered both morning and evening.

From Matt. 28:9 was applied the Easter joy; at night the Easter meditation was upon Luke 24:4, presenting Easter's impulses. Seven persons were admitted to membership.

Immediately after the prayer following the sermon, Miss Reno began

playing softly such suitable selections as "There's a land that is fairer than day," "We shall meet beyond the river," while the pastor gave, in the order of the death of the members deceased between March 1st, 1922 and Feb. 28, 1923, a concise characterization of each, which was easily associated with the individual described by the majority of the congregation. After this characterization, he repeated such fitting portions of scripture as "Blessed are the dead that die in the Lord," etc. Upon ending these comforting words the choir arose, the congregation followed, all remained in silence while the pastor named the deceased—Mrs. H. A. Woods, Mrs. T. H. Murray, Harvey J. Flegal, Mrs. Matt Savage, Miss Clara Leavy, Mrs. C. E. Cook, Miss Anna Savage, Miss Maude Fletcher, Mrs. J. A. McMurray, Miss Martha James, Mrs. Mary Beakston Herrington, Mrs. Julia Test, Wm. Irwin, Jr., Mrs. Charles Quigley, Mrs. Louise Hisey Leavy, and the Rev. William Wade Hayman. Then came a prayer for the families of these members and the former pastor, and for all that mourn. With stirring hearts, and voices growing stronger with Easter hope, the heartening hymn, "My Heavenly Home Is Bright and Fair," was sung in a new and joyous confidence.

This week's events: Wednesday evening, mid-week congregational meeting, missionary theme and offering—special, Thursday, 3 p. m. Ladies Aid Society business meeting; from 5 to 7, supper, extra menu, 35c. Next Sunday, April missionary offering.

THE OLD HOME TOWN

By Stanley

AFTER MORE THAN TWENTY PEOPLE PASSED AN OLD POCKET BOOK ON MAIN STREET, YESTERDAY, THINKING IT WAS AN APRIL FOOL JOKE, ALONG CAME JOEL HANCOCK FROM HOOTS TOWN AND PICKED IT UP. IT CONTAINED THREE ONE DOLLAR BILLS.

Steady nerves depend on the condition of your blood

YOU know that! You also know that your loved ones' sympathy and comfort will not correct the cause. Neither can impoverished blood rebuild the body. But you can remedy this condition by restoring your blood to its normal state. Remember, your blood flows through your body—when you are awake and when you are asleep. It's the great body agent which makes life. And when there's life—there's happiness. Stronger and more useful nerves depend on blood-power.

WATCH REPAIRS MADE RIGHT

When you bring your watch here for repairs, you know as soon as we take it that you are going to get a good job. You know that you will not get the watch back again until it is keeping the right time and in shape for the every day use—the rough usage of any kind of trade. Some of the watches that are brought in here are in pretty bad shape and you'd wonder if they would ever run again, but they are repaired in a way that we know and when you are given it back again you know that it is keeping right-up-to-the-minute time.

Lunch Here Every Noon

If you will get in the habit of lunching here every noon, you will find that the habit grows, brought about by the real goodness of the sandwiches and drinks that we have here for you.

VIRGINIA CHOCOLATE SHOP

EASTER AT WEST SIDE

Easter day dawned clear and bright and all the services of the day were crowded with a happy, gladsome throng. The Sunday school was attended by 553. An eight-piece orchestra, led by Prof. Schaeffer, aided greatly in the enjoyment of the occasion.

Following the Sunday school session the morning service was opened by the choir, led by Mr. Victor Meredith, singing a beautiful Easter anthem. Rev. Armstrong introduced the Rev. N. B. Smith, who led in the opening prayer.

Nineteen children were baptized by the pastor and 13 members were received into full membership in the church—seven by letter of recommendation from other denominations, two on confession of faith, and four from preparatory membership. The Easter sermon was preached by the pastor and was enjoyed by a congregation that comfortably filled the auditorium.

The evening service was in charge of the Sunday school, Superintendent H. L. Shaw presiding. Every seat was taken when the time for opening arrived and many persons were forced to stand. The program was ably presented and greatly enjoyed. The children were exceptionally well trained and all were in their places. The committee in charge was Mrs. L. J. Royce, Mrs. C. A. Shaw, Miss Kathryn Remsnyder, Mrs. H. W. Jury, and Mrs. Myra Shaw. At the close of the service a special Easter tithe offering was received.

With every such occasion there is brought home to this congregation the ever pressing need of greater church facilities in that community. The building committee is busy arranging the details and necessary preliminary plans looking toward starting the new building in the early spring.

MRS. GRANT SMITH

Mrs. Grant Smith, of Thomas, W. Va., died in the Cumberland, Md., hospital Saturday morning, March 31, 1923, at 7 o'clock. Her remains were prepared for burial and shipped to Clearfield, her former home. Upon arrival here the body was taken to the home of her sister, Mrs. Howard Shaw on West Locust street, and the funeral will be held from St. Francis Catholic church tomorrow morning at 9 o'clock.

The deceased, who was a daughter of J. B. Fletcher, was 47 years of age. She is survived by her husband. Five sisters and three brothers also survive, as follows: Mr. John Connors, Mrs. Charles Connors, and Mrs. Howard Shaw, of Clearfield; Mrs. Samuel Gross and Mrs. James Pro of Thomas, W. Va.; Raymond, Ruthe and John Fletcher, of Clearfield.

Funeral Home

In Wicklow, Ireland, one gold mine which once produced a goodly fortune. They were seized by the government in 1773, but ceased to be profitable. The gold was of extraordinary purity and was found in pieces of all sizes.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching Eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the one dependable treatment for skin troubles of all kinds.

Special Trips Arranged For

REMOVED TO MEXICO, MISSOURI

David E. Young, for many years in charge of one of the Harrison-Walker brick yards at Woodland, and who recently resigned as superintendent for the United States Refractories Company at their Barrett plant, left today with his family for Mexico, Missouri, where he goes to take charge of the operating end of a large brick plant.

The Youngs were residents of Woodland for many years and their many friends in this section regret very much their leaving but wish them every success in their new home. Dave was quite a Republican "wheel horse" in the Woodland country and will no doubt introduce some Pennsylvania methods into the politics of the "show me" state.

Whistling Messages.
The alarums which the Mahanah islanders speak to each other at a distance by whistling, the whistlers being selected for their ability to whistle readily. They make this their livelihood.

Unhappy Success.
A prudent man has his moments of depression when it seems as if his wife's running her out at the dry goods store must be trying for the winning record, what is worse, succeeding.—Columbus (N.Y.) Journal.

Call for a Decision.
A Chicago woman, seeking a divorce, presents the queer plea that her husband threw the dice at her. Hasn't a husband a right to do what he wants with his own dice?—Detroit News.

Goethe's Merit.
The great poet has the perfect right of all his creations; there are no strong words to counterbalance the weak, no brilliant of some parts of the picture to make up for the shortcomings of others, no balancing, no padding, no effort to make each character in his conduct and deeds as he is in the real world, as though it were the chief character. This is Goethe's manner, this is Shakespeare's. In the works of all great poets there are, properly speaking, no secondary characters; each person of the drama is in his place the leading character.—Home.

DON'T FUSS WITH MUSTARD PLASTERS!

Mustero's Works Without the Blister—Easier, Quicker

There's no sense in making a mess of mustard, oil and water when you can get relief from a pain, soreness or stiffness with a little clean, white Mustero's. Mustero's is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Mustero's usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it may prevent pneumonia), 35c and 65c jars and tubes.

NOTICE TO ICE CUSTOMERS

On and after April 1, 1923, all ice and ice tickets sold by the Krebs Ice Company will be STRICTLY CASH except to wholesale customers.

New tickets will be ready for sale on that date and old tickets will also be redeemed.

KREBS ICE COMPANY

MAKING THE TRUCK INSPECTIONS

The man in charge of the truck inspection service here is a man who has a wide knowledge of trucks and whose inspection takes him into every bolt, nut and part of your truck.

Then, the fact that the greasing service goes with the inspection means that your truck is thoroughly lubricated where it should be.

Save Money, Time, Worry:

The Delights of Life.

What seems to grow faintest to me as life goes by is the love and peace and tenderness of it; not its wit and cleverness and grandeur of knowledge, grand as knowledge is, but the laughter of little children, and the friendship of friends, and the cozy talk by the bedside, and the cozy flowers, and the sound of music.—J. R. Green.

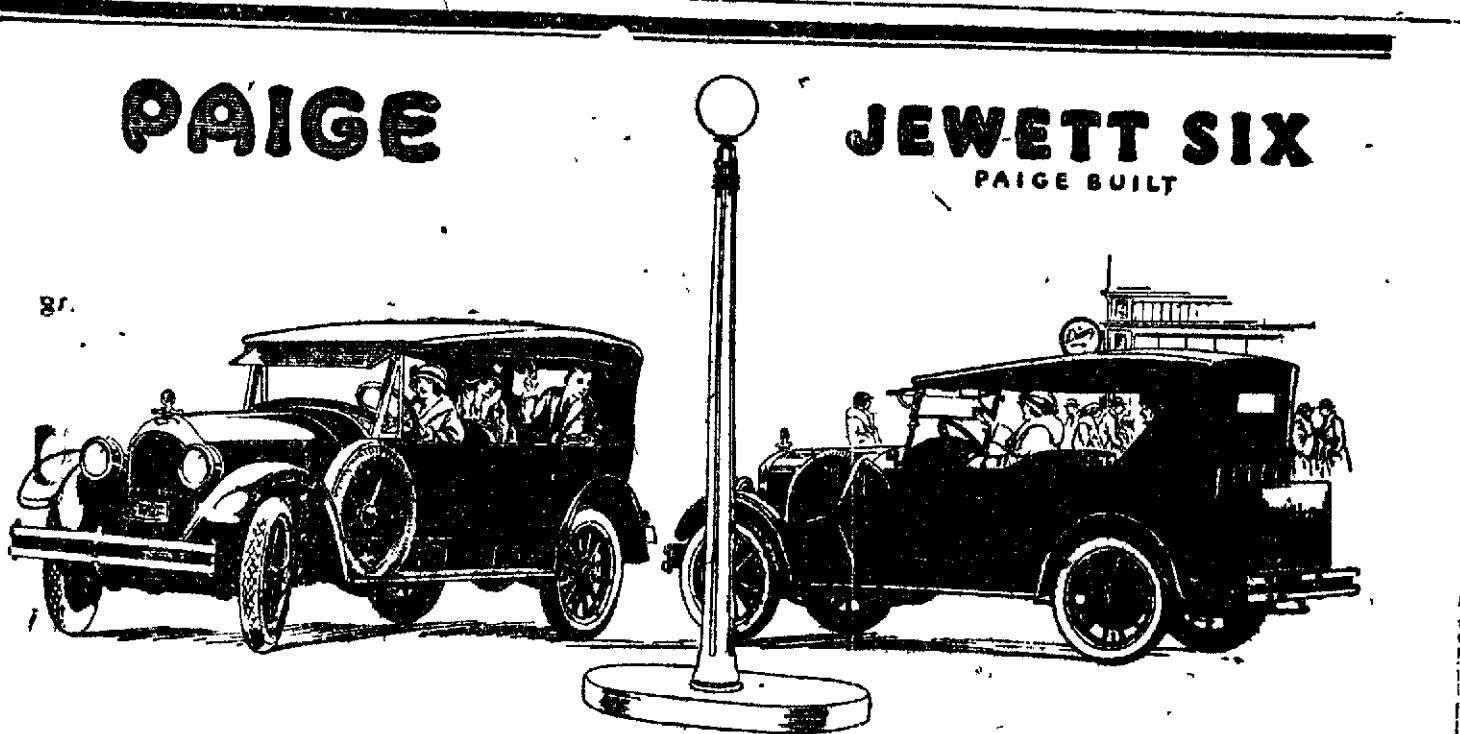

Emulation.

Great men, taken up in any way, are profitable company. We cannot look, however imperfectly, at a great man, without gaining a new thing by him. No nobler feeling than this of admiration for one higher than himself dwells in the breast of man.—Carlyle.

The Filthy Woman.

A little girl came home from Sunday school and said to her mother, "I learned today how woman was made." "Fine," said her mother, "how?" The child replied, "God made man first then took his backbone and brain out and made a woman."

Thought for the Day.
When some of us get what we want, we don't know what to do with it.

310% Increase In Sales!

IN JANUARY, FEBRUARY AND MARCH, 1923

Three Times as Many People Selected Paiges and Jewetts as in the Same Months of 1922

AND we could sell twice as many if we could make them. For Paige and Jewett sales are governed only by what we can produce. As far ahead as we can see Paige and Jewett will go through 1923 with an increase in business never before witnessed in the industry.

It took the public nearly a year to find out how good the Jewett is. This Paige-designed, Paige-built, moderate size six is the huskiest built car of its size. It has the biggest motor of any car its size—50 horsepower. And so in spite of its sturdy construction it is the most active car you ever tried out in a speed brush—5 to 25 miles an hour in 7 seconds. Try it.

Paige-Timken axles front and rear. Ball-bearing steering spindles. Springs 80% of the wheel base. Paige-type clutch and transmission prevent motor stalling; gear changing is so easy you can drop from high to second at 30 miles an hour. If you want the best car \$1065 ever bought now is the time to buy.

Our Ideal Paige—long the Most Beautiful Car in America—is now more beautiful and enduring than ever. Richness you can see and feel—not a piece of imitation leather in the entire car. The body made proof against squeaks and rattles by double strips of patent leather which prevent metal touching metal or wood.

The Paige 6-70 motor with silent timing chain and high-pressure oiling system possesses silence which will endure—power that will not diminish. With rear springs more than five feet long, Paige-Timken axles front and rear, ball-bearing steering spindles, and new clutch and transmission—our Ideal Paige rides and drives as no car ever could before.

Paige is equipped with two extra cord tires, two bumpers, shock absorbers, gasoline gauge on dash, motometer, automatic windshield wiper—everything you could think of. By far the finest car Paige ever produced, and fully equipped it costs only \$2450.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.
 Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called **Wyneth's Sage and Sulphur Compound**. This can always be depended upon to bring back the natural color and lustre of your hair.
 Everybody uses "Wyneth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

BUY A BOOK EVERY WEEK

If you will buy a book every week, in a surprisingly short time you will have a library well worth having. And the goodness of your collection depends on what you put in it.

There is, on our book shelves, a book for every mood. When you want something laughable there is something in a humorous vein here for you. When you want what is termed "heavy" reading, you will find that we have the books that require thought as you read.

The latest bits of fiction on which the copyright has just expired are all here and they find their way here just as soon as we can get them from the printer.

Kutz Stationery Store
 CLEARFIELD, PA.

Thumbprints and Eyeglass Frames

You are aware that no two men and no two women have the same thumbprints. But do you know that facial measurements as well as never exactly repeated? That not even the two halves of the same nose are counterparts?

For you and every other individual, therefore, there is only one right position for eyeglasses, one correct distance between the centers of eyeglass lenses, one proper distance between the eye and the lens. Your spectacle frame or eyeglass mounting, if properly fitted, is just as unique to you as your thumbprint.

That means, of course, that the greatest care must be exercised both in the selection and fitting of eyeglass frames. For the fit of the glasses on the face influences in no small measure the benefit to be derived from the lenses. Poorly fitted glasses are unbecoming, uncomfortable, and fail to give maximum service. But the right frame or mounting, rightly fitted, not only assures good looks but actually helps you to see.

We offer you a range in Wellworth frames and mountings, both of choice and of adaptability, that is practically inexhaustible.

CLEARFIELD PROGRESS

RESEARCH DESIGN

Canonsburg, Pa., April 2.—Four persons were injured, one probably fatally, when a passenger train derailed an automobile in which they are riding at Pike street crossing.

Miss Pauline Spears, aged 18, of Washington, Pa., is believed dying in Canonsburg hospital as a result

ODDS AND ENDS AND THINGS

By J. D. C.

It is hard to catch the imagination of America's youth. Since the war, during the reign of King Jazz, the number of suicides each year among children in this country has nearly doubled, according to the annual report of the Boy-Life League of New York, of which Dr. Harry M. Warren, its president, is author.

Now 1918 2,000 children have committed suicide in the United States. The figure for 1922 stands at 900; for 1918 at 477. All these figures are based on official reports and it is conceivable that the real figures would be much higher.

Dr. Warren gives the growing prevalence of child marriages as one of the principal causes, together with "intolerable home conditions, temperamental disorders and faulty school systems." The average age of the boy or girl is sixteen years; that of the girl, fifteen years. A large proportion of the boys shot themselves with revolvers. The girls took poison.

A great many child marriages are unhappy and lead to suicide. The report shows, in 1920 the number of boys who at the age of fifteen had been married was 1,600; that of the girls of the same age was 12,000. Of these 800 were recorded as divorced or widowed.

A child of five years was the youngest suicide.

The total figure for suicides last year is 18,000. This is about the same as the number of suicides the previous year. For some unexplained reason only one-third of the suicides are women or girls. The suicides also are as prevalent among the well-to-do as among the poor, seventy-nine millionaires being included, as well as a large number of professional and business men of good standing. One man killed himself after ten futile attempts. The oldest suicide was a centenarian, a great-great-grandmother.

A law is shortly to be passed in New York prohibiting a man from having more than one wife. They arranged an old fellow 73 years old down a Withnashere, Pa., the other day for having too less than fourteen wives.

American churches made the greatest gains in history during last year, the total membership having increased to 47,661,556 persons.

The year's gain in membership was

1,220,428, which is fifty per cent greater than the annual average growth for the preceding five years.

The Federal Council of Churches, in a statement, says:

"The great increase in membership is due largely to the gains of the Roman Catholic church, which shows an increase of 219,158; the Methodist Episcopal church, an increase of 172,975; and the Baptists, an increase of 171,636."

Two New York firemen were fatally injured in a fire last Thursday. In speaking of the death in a hospital on Friday of one of the men the New York American printed on Saturday morning the following touching little story in connection with the death of one of the men:

A Catholic priest uttering a prayer for a dying Jewish fireman made a dramatic spectacle yesterday in Broad street hospital.

Julius Spanier, who had been fatally injured in the East Side fire, had already received the last rites of the church from Father Metcalfe. As he regained consciousness, Father O'Connor, fire chaplain, asked Spanier to "say an act of contrition."

The fireman answered: "I don't know it, father, I'm a Jew."

A moment of silence. Then the priest knelt by the bedside and together the two men prayed—each in his own way—to the same God.

The Ku Klux Klan and their sympathizers, who predict and are laboring for a "denominational" heaven, would not permit either party to do any praying in this land of the free if they had their way.

Clearfield, Pa., March 1.

Dear Odds and Ends:—

Have been filled up in reference to Grape Juice Billy Bryan and the wonderful work he has done toward putting over prohibition on the American people, not forgetting the splendid part the "solid South," (which always ignored the 14th and 15th Amendments) has done to write the 18th Amendment into our Constitution; thought I would offer you the following for publication if it can not

be considered "lese majeste" to do so.

A question that has long been agitating the minds of many rational, responsible and reasonable thinkers is this: Had the Fourteenth and Fifteenth Amendments been operative in the eleven known as the Confederate States, would the Eighteenth Amendment have been incorporated in the Constitution? There are those who think it was put there to "protect" the "poor negro" of the South and the "poor white" of the North, somewhat as Chesterton put it, "The rich can have, but the poor can't have."

When in 1896 the Democratic South under the leadership of Bryan, the enchanter, voted approximately as a whole for "free silver," did they believe in it? If with their vote the heresy had carried, where would the nation be today? Some think, where it is today under prohibition—viz., a nation that doesn't know "where it is at."

What this country needs today more than ever is an astute, moral, religious and political leader of the Jefferson-Lincoln-Wilson type. In other words, a Moses, or one who isn't thinking of himself alone. Either one or the other of the political parties will have to furnish him.

Nicholas Murray Butler recently gave the people something to think about. That brought upon his head the wrath (as it always does) of the religious zealot, highbinder and fanatic. Was it not the founder of the Christian religion who gave to the world this truism: "Not that which goeth into the mouth defileth a man; but that which cometh out of the mouth, this defileth a man." (Mat

thew XV, 11.) And we might go further and write what He said about false Christs and false prophets, and how He turned water into wine (which the neocromancers now tell us was simple grape juice).

Pretenders of this faith who use it for their own whims and for their own personal gain and advantage, if they in the aggregate ultimately prevail they will find that the world is minus a faith, to which condition (in the United States at least) it seems fast drifting. We must take the teachings as a whole, for the whole, in the spirit of the Founder, otherwise the whole goes to pot.

NOT A BOOTLEGGER.

Pictures and Frames.

Those old picture frames that go begging around the attic or cellar may be made into some of the delightful new models with little trouble and less expense. Old white enamel or oak frames may be treated as follows: With a bit of glass carefully scrape off all the enamel or polish. Sandpaper it to a smooth finish with a coarse sandpaper and later with a finer grade. For a soft brown print the frame will be just right at this stage. Some of the newest picture frames that are finding place in the best shops show no stain or color of any kind. Artists claim that the decorative frame detracts from the beauty of the picture within.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even hives, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrasment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rude's Mentho-Sulphur from any good drugstore and use it like cold cream.

Store Your Own Eggs While Cheaper

The time of the cheaper egg is about here and you might just as well lay in a year's supply thru the medium of our WATER-GLASS.

You put the eggs down in this WATERGLASS according to the directions and have cheaper eggs when they are a dollar a dozen.

Pints 25c Quarts 40c

G. R. BLOOM PHARMACEUT

FRESH BUTTERMILK EVERY DAY

A lot of folks who have tried our fresh tangy buttermilk tell us that it is about as fine as they ever tasted and they come right back for more—the surest thing that they believe what they said.

The chief reason why our buttermilk is so good is the fact that we do not allow the cream to sour to the point of impurity before we churn—we use cultures to ripen it to the proper consistency.

If you are a lover of buttermilk and want some, have it delivered fresh with your morning's supply of milk.

Clearfield Dairy Co.

Cornish Tin Miners.
The men who work in the Cornish tin mines are a class by themselves, and all their differences are adjusted by the stannary courts, as they are called from the Latin word stannum. These curious courts have existed in their present form since the middle of the Thirteenth century, and, in a simpler form, much earlier; and the miners claim to be free from all other jurisdiction, "except in matters affecting the land, life or limb."

The Girl Proposes.
The inhabitants of Ilimia, in the Greek archipelago are engaged almost entirely in sponge fishing. When a girl desires to marry she waits until she has obtained the number of sponges from the sea that corresponds with the number of years she has lived. These she places in a silver net, which she presents to the man of her choice. Should he refuse, his chances of obtaining another bride are remote, as usually the Ilimia maidens shun him as a punishment.

Sleeping on Water.
An English doctor recommends his patients to make use of water-beds, as they have many redeeming features for invalids as well as persons in health.

A dividend feature rather than the usual interest-bearing, deferred payment plan, and immediate delivery of machine. Pay for it as you use it.

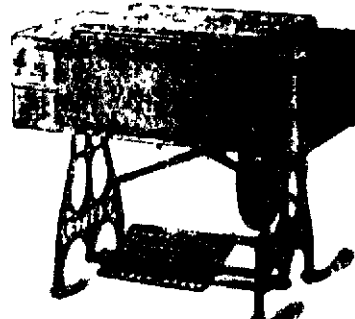

50 MACHINES

We cannot determine in advance the length of time we will conduct this sale. Because of the limited number of machines available. Consequently we urge you to come in and investigate. We will be glad to explain the whole plan and demonstrate the machine, without obligation on your part.

THE GREAT "WHITE"

Over 3,000,000 Have Been Sold

You will never regret the purchase of a "White" machine, and right now is the opportune time to buy it. Thrifty buyers will act quickly. You're assured of absolute satisfactory service—a double guarantee, the manufacturer's and our own. They are regularly sold at a much higher price than we are selling them during this sale.

"The House of Quality"

By McManis

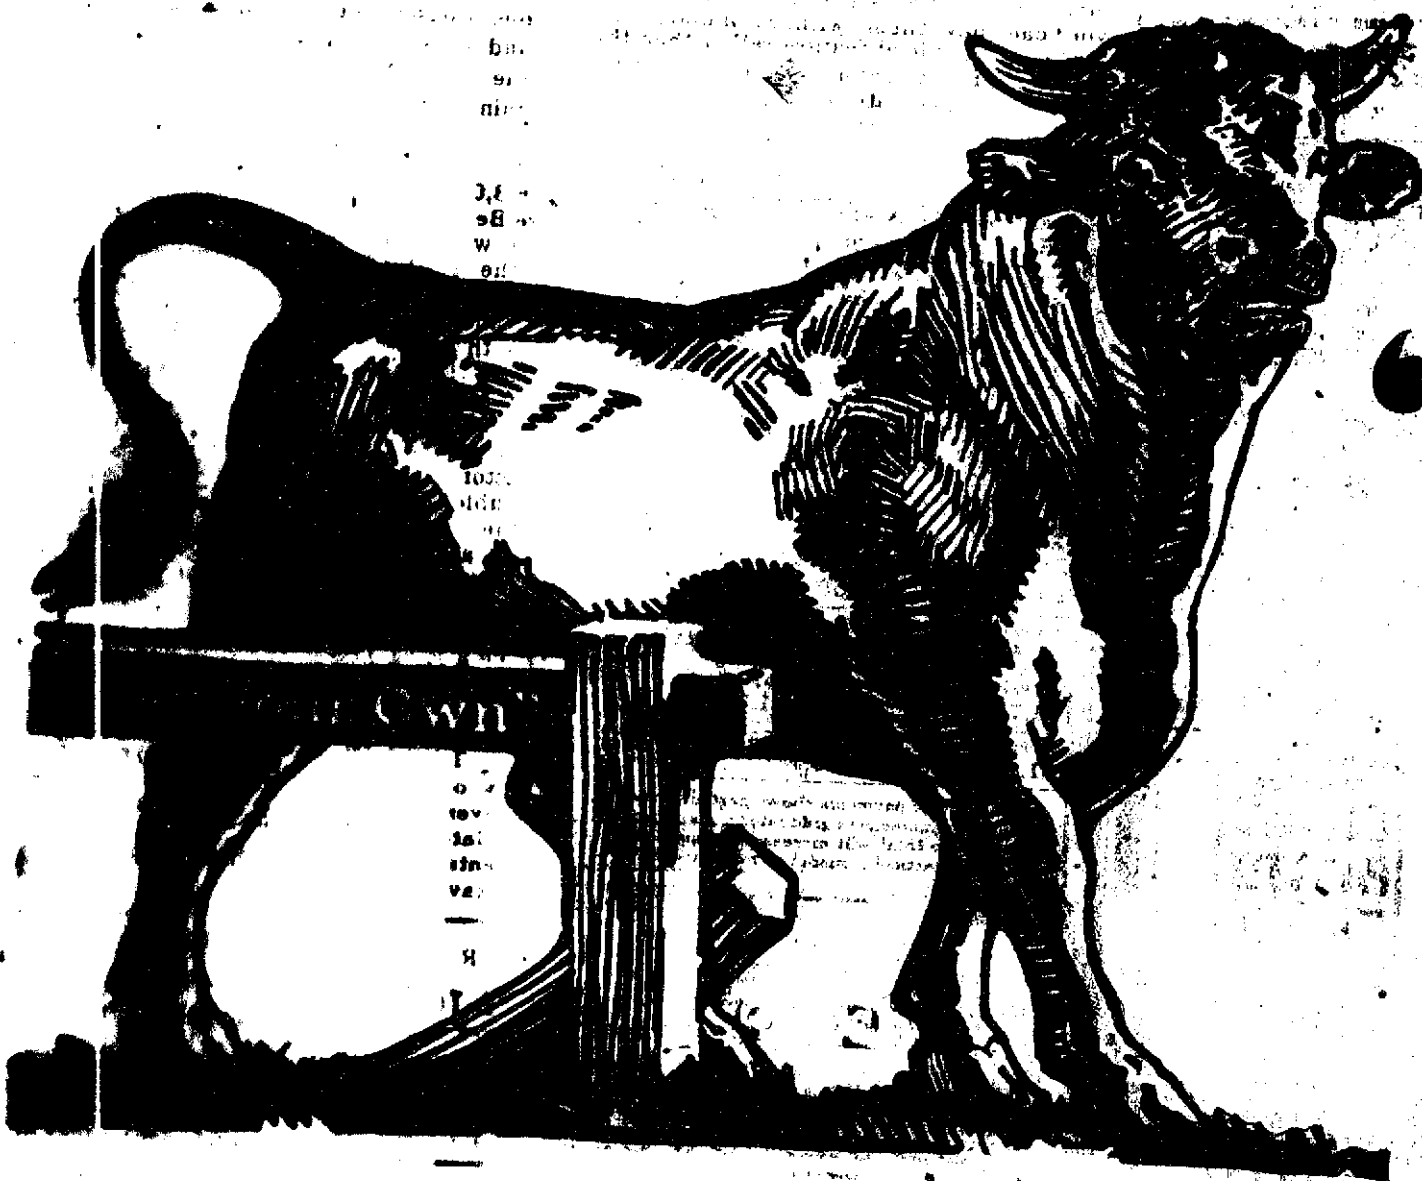

Save from \$52 to \$78 a year

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

ANSWER: The government tax alone on 50 machine-made cigarettes is 15 cents—5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

UNIVERSITY OF PENNSYLVANIA EXTENSION SERVICE IN MEDICINE

Cooperates With State Medical Society to Help Local Physicians and Surgeons.

Philadelphia, Pa., April 3.—At the request of the Medical Society of the State of Pennsylvania, the University of Pennsylvania, through its Graduate School of Medicine, has put into operation an extension service, having plan by which physicians and surgeons of the State are receiving instruction in the latest developments of medicine and surgery. When the State Medical Society made this request, it was pointed out that Pennsylvania, being the pioneer in the establishment of the University of Medicine, was best qualified to initiate this new movement in medicine.

Dr. George H. Moore, Dean of the Graduate School of Medicine, is in charge of it. Officials of the State Medical Society, as well as leading physicians and surgeons throughout the State, are contributing to the fullest extent.

The plan now being carried out with much success is to arrange a schedule of lectures in the evening hours. These lectures are given by the medical faculty of the University, and consist of the most interesting and up-to-date subjects in medicine and surgery. The lectures are given in the evening, and are held in the University of Pennsylvania building, which is centrally located in the city.

Commencing upon the reason for this course, Provost Josiah H. Penniman said that since the University of Pennsylvania has been the first to establish a medical school in this country, it is only fitting that it should be the first to offer such a course to the State.

Christmas Celebration.
The custom of burning the Yule log on Christmas eve is not generally observed in England. The custom is still followed in some of the rural sections. It is more prevalent in the Scandinavian countries.

Provost Josiah H. Penniman.

graduate courses. It was recently visited by delegations from England and France to obtain new ideas for Post Graduate Medical study in Europe. In addition to this service, which the University is rendering gratuitously and as a public duty, Pennsylvania is maintaining much other extension work. This includes various stations of the Wharton School in the leading cities of the State. The University has also just held an international conference on Orthodontia, the regulation of the teeth, which delegates came from all the leading dental schools of the United States, and from Canada, Ireland and England to acquaint themselves with the latest methods in the teaching of this subject. There has also just been concluded a Veterinary Conference for the Eastern States, a two week course in Highway Engineering in cooperation with the State Highway Department of Pennsylvania and neighboring States. Provost Penniman has also announced that the annual Schoolmen's Week Convention, in the interest of public school education, will be held at the University April 12, 13, 14. It is expected that fully 2500 delegates will be in attendance. The Summer School, which opens on July 2, announces a new course and demonstration schools in Rural Education, to be under the direction of Thomas B. Park, who is director of Rural Education for the State of Pennsylvania.

EASTER AT TRINITY CHURCH

Starting with a fine attendance in the Bible school, and corresponding offering, exercises in charge of S. L. Warner and F. G. Harris, the Easter program for Trinity began impressively. Magnificent flowers, adorned the platform, material to decorated officers and teachers. The study group, the school in strong interest. Then followed hymns in the auditorium.

The altar was banked with great designs of flowers, Easter lilies everywhere, the effect was helpful to the memorial feature of the morning worship. Friends had not forgotten their loved ones. And it was notable that the family of all but two listed among the deceased members was largely represented. The two families had removed. This Easteride will not be forgotten for the spirit of the worship, the uniqueness of the memorial service, the tribute of the membership to members whose work do follow them, and the exceptional fitness of the instrumental and vocal music. With only two numbers omitted, because of the illness of soloists, the entire schedule of music was carried forward in the strongest interpretation by the choir, and heartiest participation of the great congregations, which gathered both morning and evening.

From Matt. 28:9 was applied the Easter joy; at night the Easter meditation was upon Luke 24:4, presenting Easter's impulses. Seven persons were admitted to membership.

Immediately after the prayer following the sermon, Miss Reno began

playing softly such suitable selections as "There's a land that is fairer than day," "We sh-ll meet beyond the river," while the pastor gave, in the order of the death of the members deceased between March 1st, 1922 and Feb. 28, 1923, a concise characterization of each, which was easily associated with the individual described by the majority of the congregation. After this character analysis, he repeated such fitting portions of scripture as "Blessed are the dead that die in the Lord," etc. Upon ending these comforting words the choir arose, the congregation followed, all remained in silence while the pastor named the deceased—Mrs. H. A. Woodsides, Mrs. T. H. Murray, Harvey J. Flegal, Mrs. Matt Savage, Miss Clara Leavy, Mrs. C. E. Cook, Miss Anna Savage, Miss Maude Fletcher, Mrs. J. A. McMurray, Miss Martha James, Mrs. Mary Beakston Herrington, Mrs. Julia Test, Wm. Irwin, Jr., Mrs. Charles Quiggle, Mrs. Louise Hisey Leavy, and the Rev. William Wade Hayman. Then came a prayer for the families of these members and the former pastor, and for all that mourn. With stirring hearts, and voices growing stronger with Easter hope, the heartening hymn, "My Heavenly Home Is Bright and Fair," was sung in a new and joyous confidence.

This week's events: Wednesday evening, mid-week congregational meeting, missionary theme and offering—special, Thursday, 3 p. m. Ladies Aid Society business meeting; from 5 to 7, supper, extra menu, 35c. Next Sunday, April missionary offering.

THE OLD HOME TOWN

By Stanley

AFTER MORE THAN TWENTY PEOPLE PASSED AN OLD POCKET BOOK ON MAIN STREET, YESTERDAY, THINKING IT WAS AN APRIL FOOL JOKE, ALONG CAME JOEL HANCOCK FROM HOOTS TOWN AND PICKED IT UP. IT CONTAINED THREE ONE DOLLAR BILLS.

Steady nerves depend on the condition of your blood

YOU know that! You also know that your loved ones' sympathy and comfort will not correct the cause. Neither can impoverished blood rebuild the body. But you can remedy this condition by restoring your blood to its normal state. Remember, your blood flows through your body—when you are awake and when you are asleep. It's the great body agent which makes life. And when there's life—there's happiness. Stronger and more useful nerves depend on blood-power.

WATCH REPAIRS MADE RIGHT

When you bring your watch here for repairs, you know as soon as we take it that you are going to get a good job. You know that you will not get the watch back again until it is keeping the right time and in shape for the every day use—the rough usage of any kind of trade.
Some of the watches that are brought in here are in pretty bad shape and you'd wonder if they would ever run again, but they are repaired in a way that we know and when you are given it back again you know that it is keeping right-up-to-the-minute time.

Curwensville's Own Column

Last Friday evening Bethesda lodge 821, I. O. O. F., elected officers for the ensuing term, as follows: Noble grand, Harry Addelman; vice grand, N. D. Shirey; trustee, A. G. Woodward; representative to grand lodge, Ernest Aughenbaugh. Installation of officers will be held Monday evening the 9th inst. The audit report showing that this organization is in good report financially.

Some one who needed two long lengths of copper wire, possibly to install a radio outfit, cut them from the electric company's lines last Friday night on Grappian road.

D. D. Long was up from Clearfield Saturday transacting some business and shopping in several of the store.

An Easter song service was held at the Presbyterian church Sunday morning and evening. The sacrament of the Lord's Supper was also administered.

Mrs. Fred Lowther went over to Altoona Saturday to spend Easter with her husband. Up until about three weeks ago she was Miss Lorna Newcomer, a daughter of Mart Newcomer, who was employed at the Crescent company's office, but resigned and was married to Mr. Lowther at Brockville two or three weeks ago.

Mr. and Mrs. Groves Hamilton, residents of Altoona, came over to Curwensville, their old home town, last Sunday and will spend several days among relatives.

Father Lynch, owing to the absence of the regular Grappian pastor, went up to the hill town and held early mass in the Catholic church. He is turned to his own charge in Curwensville in plenty of time, however, to hold services in St. Timothy's church at 10:30. The floral decorations in this church, as they are at every Easter service, were elaborate and beautiful.

Robert Heacock, a citizen of the Olanta section, who was taken to Clearfield hospital one day last week and who underwent an operation, is getting along nicely under present conditions and will be able to be moved to his home early this week.

Miss Arvilla Bell, a daughter of William Bell, living out on the Chestnut Ridge, was operated on for appendicitis at the Clearfield hospital, the latter part of last week. She is improving as rapidly as her case will permit.

Mrs. Claude Bloom and children returned to their home last Saturday after a several day visit with her sister in DuBois.

Misses Elizabeth King and Lucinda Clark left Saturday for Summerville, Pa., in which place they will be guests of friends for the next few days.

Miss May Mallon, who won considerable fame as a nurse in Europe during the world war and also as head nurse in the Vanderbilt family during their sojourn abroad, and assisted in bringing to New York the body of Mr. Vanderbilt after his death in Europe, came to her old home in Curwensville Saturday for a short visit with home folks. She is now living in Washington, D. C., and this is her first visit to the mountain region within two years.

Mrs. Ruth Maurey, one of the teachers in the South Side building, went to her home in Grappian last week, having been too ill to continue her school work. Last Friday Mrs. Erhard and Shaffer operated and removed her tonsils, the root and seat of her trouble. She will be unable to resume her duties in the school for at least another week.

Prof. Grant Norris spent Saturday with his mother at Kermoor. A rather peculiar incident was connected with his visit, and that was that his brother Wade Norris' birthday and his own came on the same day, March 30th, but two years apart, the Professor being the younger. Now, if you know Wade's age, you can easily figure how old the Prof. is. Of course there was a little celebration over the event, which is natural when brother meets brother.

Mrs. Dean Rankin and daughter Margaret went to Purchase Line, Indiana county, Saturday for a few days with relatives and friends.

Miss Mildred Tate, South Side teacher, is in the Clearfield hospital, having had her tonsils removed last Friday.

The body of Walter Harvey arrived in Curwensville Friday morning from Dixonville and was interred in O. C. Hill cemetery.

Miss Lottie Bixler went to Clearfield yesterday to be present at Easter communion services in the Lutheran church. The rest of the day was spent in the home of Mr. and Mrs. Paul Kolby.

Will borough council at its regular monthly session tonight take any action toward the removal of that automobile turntable on State street, or will that august body wait until some one is killed outright or maimed for life? Last week half a dozen pedestrians narrowly escaped being run down while walking past this most dangerous spot in the town. One of the councilmen from First Ward informed the writer Saturday evening, when the subject was brought to his attention, that it was up to the borough to stop the turning automobiles at this particular point, not borough council. Will he do it?

John M. Caldwell, an old time resident of this section, died last Friday evening at about five o'clock at the home of Verna Caldwell in Lawrence township, near the Pine Grove school house. He had been ill for some time over six years, dropsy being the direct cause of his death, which came to him suddenly, he dying quietly while sitting in a chair.

Deceased was the eldest son of Isaac and Susanna (Smith) Caldwell and was born in Pike township, on his farm occupied by his parents near the old Robbins school house. During his life he following various occupations, the making of square timber being the principal one, and was one of the most expert hewers in the county. He was married to Rosa from a daughter of Lewis I. Bloom, his daughter being born in this union now Mrs. David Michael, residing in California.

He was a member of the Baptist church and of Bethesda lodge, No. 21, Independent Order of Odd Fellows. Two brothers and three sisters survive him, viz: Pierce and Lee Caldwell, both of this place; Mrs. Andrew Jupples, residing in Montana; Samuel S. Moore and Mrs. John D. Ra, of this place. There is also a half brother.

The funeral was held this afternoon at 2 o'clock from the Baptist church Rev. Cameron officiating. Members of the Odd Fellows attended the services and read the house burial service over the body of their deceased brother. Six lodge members acted as the capacity of pall bearers. Interment was made in the Blooming cemetery.

John M. Caldwell, at the date of his demise, was aged 76 years and four months.

Mrs. John Weber, who has been in Curwensville since the death of her mother, Mrs. Charlotte Bixler a few weeks ago, left Saturday for her home in Youngstown, O.

Percy Holton and family have moved out of the Filbert street restaurant and gone to housekeeping in the Bixler home on North Pine street.

Misses Elizabeth Wall and Cora Wolf, who are attending school at Beechwood, came home Saturday for a time at least.

be Easter holidays.

A six o'clock Easter service was held in the Methodist church Sunday morning. The hour was rather early but a good many morning sleepers made it in time for the last hymn.

Yesterday afternoon between the hours of 4 and 5 o'clock fire broke out in the hair house at the Pennsylvania Hide and Leather Company's plant and the building was totally destroyed. The fire company boys, assisted by a number of others, had a hard fight in keeping the flames from the adjoining large buildings. The origin of the fire could not be learned at this time, nor could an estimate of the loss be obtained. It is not probable that the loss of this building will cause a suspension of work for some time at least.

EASTER AT WEST SIDE
Easter day dawned clear and bright and all the services of the day were crowded with a happy, gladsome throng. The Sunday school was attended by 553. An eight-piece orchestra, led by Prof. Schaeffer, aided greatly in the enjoyment of the occasion.

Following the Sunday school session the morning service was opened by the choir, led by Mr. Victor Meredith, singing a beautiful Easter anthem. Rev. Armstrong introduced the Rev. N. B. Smith, who led in the opening prayer.

Nineteen children were baptized by the pastor and 13 members were received into full membership in the church—seven by letter of recommendation from other denominations, two on confession of faith, and four from preparatory membership. The Easter sermon was preached by the pastor and was enjoyed by a congregation that comfortably filled the auditorium.

The evening service was in charge of the Sunday school, Superintendent H. L. Shaw presiding. Every seat was taken when the time for opening arrived and many persons were forced to stand. The program was ably presented and greatly enjoyed. The children were exceptionally well trained and all were in their places. The committee in charge was Mrs. L. J. Royce, Mrs. C. A. Shaw, Miss Kathryn Remsnyder, Mrs. H. W. Jury, and Mrs. Myra Shaw. At the close of the service a special Easter tithe offering was received.

With every such occasion there is brought home to this congregation the ever pressing need of greater church facilities in that community. The building committee is busy arranging the details and necessary preliminary plans looking toward starting the new building in the early spring.

LOST—Gold mounted fountain pen between Globe theatre and West Side restaurant. Valued as a gift. Return to Progress office and receive reward. 4/2/11ch

LOST—Gray pocketbook at Leftinger store in the bath room on Saturday. Contained two \$10 bills and some ones, change and hairpins. Finder please return to Progress office. 4/2/11ch

PRACTICAL NURSE
Any person desiring practical nursing call at 101 Second Street or H. & C. phone 475 or Progress. 4/2/11ch

HAULING
Dixon's general hauling, local and long distant. H. & C. phone 22543. 4/2/11ch

Pin Oak Will Droop.
The pin oak in the fall has brilliant foliage and is a highly desirable where a trunkless tree is wanted; that is where it is desired to have the foliage extend from the ground to the top of the tree. The tendency of the limbs of the pin oak is to droop. American Forestry Magazine.

MRS. GRANT SMITH
Mrs. Grant Smith, of Thomas, W. Va., died in the Cumberland, Md., hospital Saturday morning, March 31, 1923, at 7 o'clock. Her remains were prepared for burial and shipped to Clearfield, her former home. Upon arrival here the body was taken to the home of her sister, Mrs. Howard Shaw on West Locust street, and the funeral will be held from St. Francis Catholic church tomorrow morning at 9 o'clock.

The deceased, who was a daughter of J. B. Fletcher, was 47 years of age. She is survived by her husband. Five sisters and three brothers also survive, as follows: Mr. John Connors, Mrs. Charles Connors, and Mrs. Howard Shaw, of Clearfield; Mrs. Samuel Gross and Mrs. James Pro of Thomas, W. Va.; Raymond, Ruthe and John Fletcher, of Clearfield.

Irish Gold Mines
In Wicklow, Ireland, are gold mines which once produced a goodly fortune. They were seized by the government in 1773, but ceased to be profitable. The gold was of extraordinary purity and was found in pieces of all sizes.

STOP ITCHING ECZEMA
Penetrating, Antiseptic Zemo Will Help You
Never mind how often you have tried and failed, you can stop burning, itching Eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the one dependable treatment for skin troubles of all kinds.

Financial Cupid,
Some women never take an interest in a man until they find out how much principal he has.

Trees That Bear Mistletoe.
Mistletoe grows on the apple tree, the oak, the crabapple, the lime, and the pear tree.

Value.
Thought has always its alloy, and every striking incident has its shadow.

Special Trips Arranged For

Lunch Here Every Noon

If you will get in the habit of lunching here every noon, you will find that the habit grows, brought about by the real goodness of the sandwiches and drinks that we have here for you.

VIRGINIA CHOCOLATE SHOP

REMOVED TO MEXICO, MISSOURI

David E. Young, for many years in charge of one of the Harrison-Walker brick yards at Woodland, and who recently resigned as superintendent for the United States Refractories Company at their Barrett plant, left today with his family for Mexico, Missouri, where he goes to take charge of the operating end of a large brick plant.

The Youngs were residents of Woodland for many years and their many friends in this section regret very much their leaving but wish them every success in their new home. Dave was quite a Republican "wheel horse" in the Woodland country and will no doubt introduce some Pennsylvania methods into the politics of the "show me" state.

Whistling Messages.
The alarums which the Mahanah islanders speak to each other at a distance by whistling, the whistlers being selected for their ability to whistle readily. They make this their livelihood.

Unhappy Success.
A prudent man has his moments of depression when it seems as if his wife's running her out at the dry goods store must be trying for the winning record, what is worse, succeeding.—Columbus (N.Y.) Journal.

Call for a Decision.
A Chicago woman, seeking a divorce, presents the queer plea that her husband threw the dice at her. Hasn't a husband a right to do what he wants with his own dice?—Detroit News.

Goethe's Merit.
The great poet has the perfect right of all his creations; there are no strong words to counterbalance the weak, no brilliant of some parts of the picture to make up for the shortcomings of others, no balancing, no padding, no effort to make each character in his conduct and deeds as he is in the real world. This is Goethe's merit, this is his character. In the work of all great poets there are, properly speaking, no secondary characters; each person of the drama is in his place the leading character.—Home.

DON'T FUSS WITH MUSTARD PLASTERS!

Mustero's Works Without the Blister—Easier, Quicker

There's no sense in making a mess of mustard, oil and water when you can get relief from a pain, soreness or stiffness with a little clean, white Mustero's. Mustero's is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Mustero's usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it may prevent pneumonia), 35c and 65c jars and tubes.

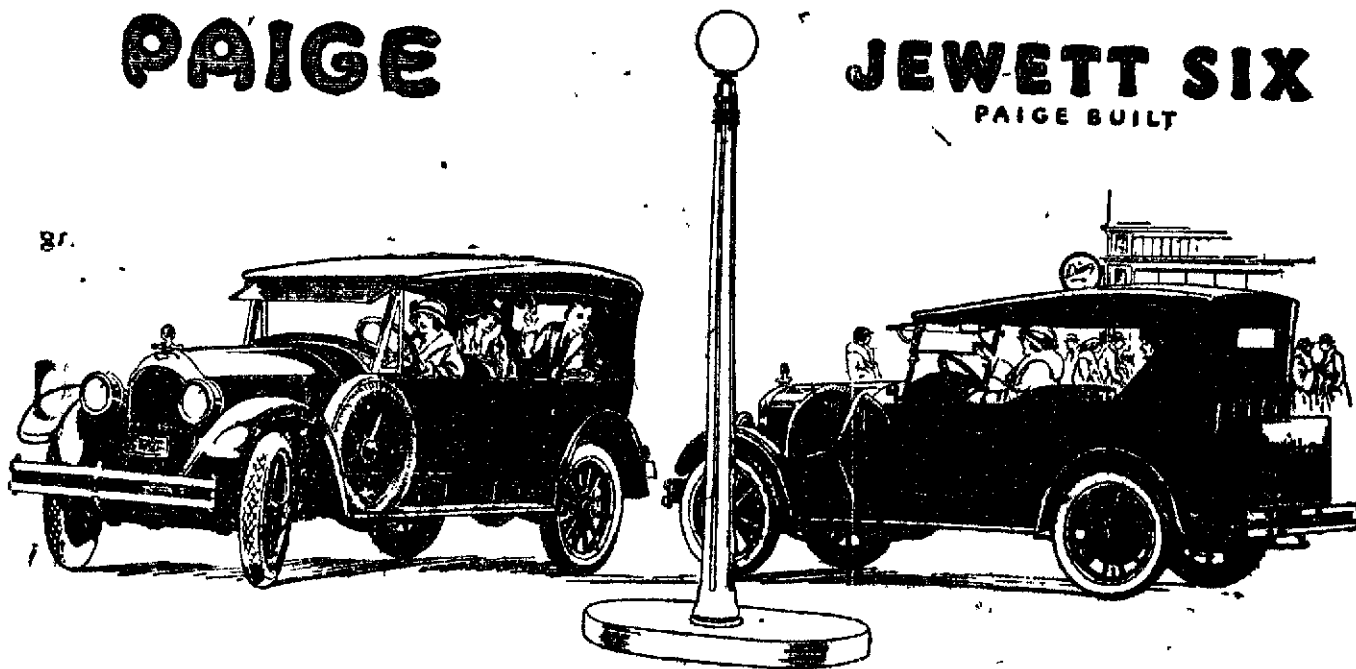

The Delights of Life.
What seems to grow faintest to me as life goes by is the love and peace and tenderness of it; not its wit and cleverness and grandeur of knowledge, grand as knowledge is, but the laughter of little children, and the friendship of friends, and the cozy talk by the stove, and the cozy flowers, and the sound of music.—J. R. Green.

Refinished Floor.
If a polished or varnished floor is to be refinished, it should first be thoroughly scrubbed, and after it has been completely dry, should be wet-sanded and then wiped with a cloth dampened with turpentine or gasoline in order to remove the dust caused by the use of the sandpaper.

Emulation.
Great men, taken up in any way, are profitable company. We cannot look, however imperfectly, at a great man, without gaining a new thing by him. No nobler feeling than this of admiration for one higher than himself dwells in the breast of man.—Carlyle.

The Fit Woman.
A little girl came home from Sunday school and said to her mother, "I learned today how woman was made." "Fine," said her mother, "how?" The child replied, "God made man first then took his backbone and brain out and made a woman."
Thought for the Day.
When some of us get what we want, we don't know what to do with it.

310% Increase In Sales!

IN JANUARY, FEBRUARY AND MARCH, 1923

Three Times as Many People Selected Paiges and Jewetts as in the Same Months of 1922

AND we could sell twice as many if we could make them. For Paige and Jewett sales are governed only by what we can produce. As far ahead as we can see Paige and Jewett will go through 1923 with an increase in business never before witnessed in the industry.

It took the public nearly a year to find out how good the Jewett is. This Paige-designed, Paige-built, moderate size six is the huskiest built car of its size. It has the biggest motor of any car its size—50 horsepower. And so in spite of its sturdy construction it is the most active car you ever tried out in a speed brush—5 to 25 miles an hour in 7 seconds. Try it.

Paige-Timken axles front and rear. Ball-bearing steering spindles. Springs 80% of the wheel base. Paige-type clutch and transmission prevent motor stalling; gear changing is so easy you can drop from high to second at 30 miles an hour. If you want the best car \$1065 ever bought now is the time to buy.

Our Ideal Paige—long the Most Beautiful Car in America—is now more beautiful and enduring than ever. Richness you can see and feel—not a piece of imitation leather in the entire car. The body made proof against squeaks and rattles by double strips of patent leather which prevent metal touching metal or wood.

The Paige 6-70 motor with silent timing chain and high-pressure oiling system possesses silence which will endure—power that will not diminish. With rear springs more than five feet long, Paige-Timken axles front and rear, ball-bearing steering spindles, and new clutch and transmission—our Ideal Paige rides and drives as no car ever could before.

Paige is equipped with two extra cord tires, two bumpers, shock absorbers, gasoline gauge on dash, motometer, automatic windshield wiper—everything you could think of. By far the finest car Paige ever produced, and fully equipped it costs only \$2450.

J. H. Jackson, New York attorney who was recalled as the "Mr. Mitchell, millionaire friend of Dorothy King, slain Broadway beauty."

"The Potteries."
 This is the district of North Street, Clearfield, Pa. It is the chief seat of the china and earthenware industry. The principal centers are Burdett, Stanley, Longton, Farnon, Tunstall and Stoke-on-Trent, all of these being amalgamated in 1910 as a single municipal borough under the name of Stoke-on-Trent. The Wedgwoods and the Mintons are the most famous families connected with the china industry.

Faith and Works.
 Faith without works is like a bird without wings. Though she may hop with her companions on earth, yet she will never fly with them to heaven; but when both are joined together they do the soul mount up to her eternal rest.—J. B. Sumner.

Thumbprints and Eyeglass Frames

You are aware that no two men and no two women have the same thumbprints. But do you know that facial measurements as well as never exactly repeated? That not even the two halves of the same nose are counterparts?
 For you and every other individual, therefore, there is only one right position for eyeglasses, one correct distance between the centers of eyeglass lenses, one proper distance between the eye and the lens. Your spectacle frame or eyeglass mounting, if properly fitted, is just as unique to you as your thumbprint.
 That means, of course, that the greatest care must be exercised both in the selection and fitting of eyeglass frames. For the fit of the glasses on the face influences in no small measure the benefit to be derived from the lenses. Poorly fitted glasses are unbecoming, uncomfortable, and fail to give maximum service. But the right frame or mounting, rightly fitted, not only assures good looks but actually helps you to see.
 We offer you a range in Wellworth frames and mountings, both of choice and of adaptability, that is practically inexhaustible.

SAGE TEA TURNS GRAY HAIR DARK

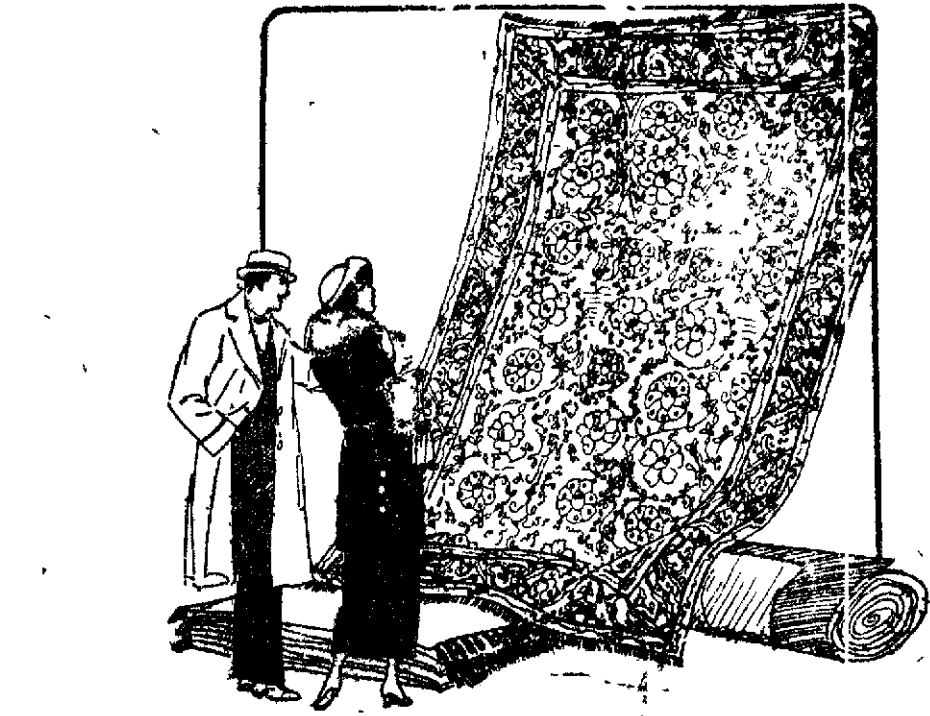

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.
 Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called **Wheat's Sage and Sulphur Compound**. This can always be depended upon to bring back the natural color and lustre of your hair.
 Everybody uses "Wheat's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

BUY A BOOK EVERY WEEK

If you will buy a book every week, in a surprisingly short time you will have a library well worth having. And the goodness of your collection depends on what you put in it.
 There is, on our book shelves, a book for every mood. When you want something laughable there is something in a humorous vein here for you. When you want what is termed "heavy" reading, you will find that we have the books that require thought as you read.

The latest bits of fiction on which the copyright has just expired are all here and they find their way here just as soon as we can get them from the printer.

Surely You are Planning New Draperies For Some Room

It is really an excellent idea, for nothing imparts so much crispness and freshness to a room these bright sunny days as cheery Draperies.
